# ABOUT BUDMA

**For over 30 years, BUDMA has been one of the most important events in Central and Eastern Europe**

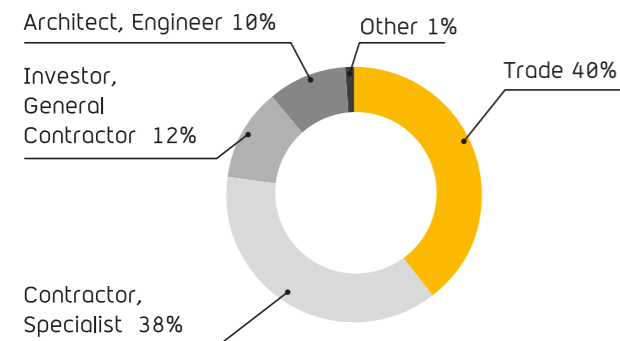

for manufacturers and distributors of state-of-the-art construction technologies and materials, trade representatives, architects, contractors and investors. During the 4 days, the latest products, technologies and services are presented. The event is full of market premieres, new products and substantive events focused on current issues in the construction industry.

## BUDMA IN NUMBERS\*

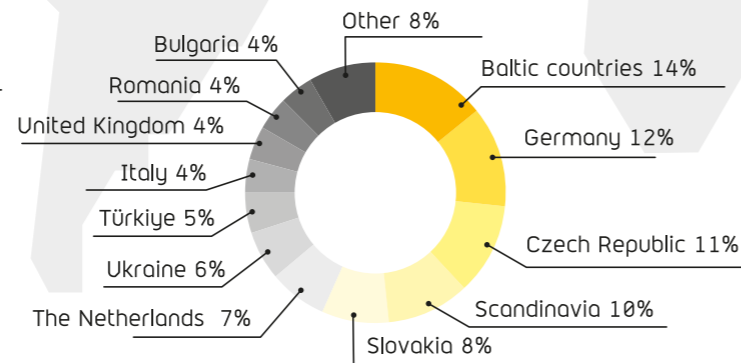

- 25 000** visitors from 43 countries and 5 continents
- 650** exhibitors from 25 countries
- 8** exhibition halls
- 4** interactive, multidisciplinary stages
- 20** Gold Medals for innovative products
- 100** institutional and content partners

\*Budma 2024 data

HOSTED BUYERS PROGRAM a chance to acquire contractors from abroad

## PROJECTS AND EVENTS WORTH PARTICIPATING IN

### ARCHI\_STRADA

#### Archi\_Strada Green Architecture & Design

A unique space full of inspiration and modern solutions for architects, planners and designers. It is good architecture, distinguished guests, interdisciplinary debates; it is a synergy of the world of art and business.

### PREFTEC

#### Preftec Modern Prefabrication Centre

The largest presentation in Poland of the latest product and technological solutions for wooden, steel and concrete prefabrication as an inseparable element of universal construction of the future.

### ENERGOSMART BUILDING

#### Energosmart Building

Energy Efficiency and Energy Management in Building Exhibition. A space of technological solutions and materials shaping the era of conscious and ecological construction. A place for presentations and discussions on the optimal use of renewable energy, energy efficiency of buildings, ecological materials, products and systems in construction, as well as comprehensive thermal modernisation programmes and other ways of supporting green construction.

#### Build4Future Economic Construction Forum

A platform for the exchange of opinions and discussions of representatives of various construction sectors. This is a series of debates and lectures with the participation of leaders of the largest companies, scientists and practitioners, decision-makers and representatives of the finance sector and state administration on the opportunities and threats on the construction market in Poland.
